

Maintaining Your Resource Map (Step 4)

1. Where will your map and/or list of resources be stored?
2. How often will the resources be updated?
3. Who will be responsible for updating the resources? Who will be the back up person responsible for updating the resources?
4. Who will be responsible for sharing your resource map with schools, families, and community partners?
5. Are there times of the year or specific tasks that you think the map could be most useful?
6. How can you make the map easily accessible during the situations described in the previous question?
7. What are the challenges you anticipate in keeping your resource map up to date and accessible?

Make a plan:

The resource map will be updated _____ times per year.

Please indicate the specific time(s) of year the resource map will be updated:

Please indicate who will be responsible for updating the resource map:

Please indicate who will be responsible for sharing the resource map with schools, families and communities:
